

1. **Problem:** There is no eatery for the students working late at night in Core side.
Solution: As a solution to this problem, a food truck will be there in the core side to serve the food lovers during night time at subsidized rate.
2. **Problem:** How to make life comfortable inside IITG?
Solutions:
 - a. Currently the barbershop in the market complex charges quite high in comparison to normal rate which is a serious issue regarding the financial stability of the campus residents. Therefore, proposal for a new barber shop in new SAC/MANAS Community Hall side at subsidized rate will be given.
 - b. At present there is no pure veg. food stall for the veg. foodies which sometimes resists them to eat outside mess. Therefore, keeping their priority in mind a proposal for a pure veg. food stall will be given and I along with my team will make it happen.
 - c. Proposal for a cycle repairing shop in every hostel where basic fixing/cleaning is free. Plan of work: Two workers will be appointed, one skilled and one semi-skilled who will work on contract under IITG. Only additional parts like needed for repairing will be charged.
3. Improvement in medical facility.
 - a. Steps: - We will circulate google forms every time to collect the number of students for a specialized doctor and depending on that we will call doctors from outside in collaboration with IITG Hospital (depending on number of students, number of doctors will be called). Once a doctor is ready to visit the campus, the respective students will be informed with an SMS along with time.
4. **Problem:** Campus animals are yet to be vaccinated which is not a good sign for the campus junta.
Solution: Initiation and completion of Vaccination drive as soon as possible for the campus animals and once an animal is vaccinated it will be marked to identify for our own safety.
5. **Problem:** There is no particular grievance cell
Solution: Introduction of a grievance cell for Campus junta.
7. **Problem:** External Bus Travel (IITG to City and vice versa)
Solution: Modification in Bus timing, introduction of newly proposed bus stops in city area according to students' convenience and extension of bus timings in weekends.
8. **Problem:** Internal Bus Travel
Solution:
 - a. There will fixed routes by which buses will travel specifically meant for hostellers
 - e.g. New SAC to market Complex via Dhansiri-MSH-GH-Subanshiri
 - i. Faculty gate to market complex via KV-Disang-Kapili-Siang
 - ii. Buses will wait at the designated spots i.e. NEW SAC, FACULTY Gate, Market Complex, Core-4 for at least 10-15 mins.
9. **Problems:** Complaints related to e-rikshaws will be resolved.
 - a. **Solution:** Routes for E- Rikshaws as well as the E- Rikshaw stands will be there where the campus residents can use the facility on paid basis.
7. **Problem:** CIF slot booking
Solution: Regarding a confirmed Slot in CIF the user currently needs to login the portal again and again and once the user fails to check and miss it, the user will be able to use it again after a month. As a solution to this, the user will be informed through an SMS stating date and time once a slot is confirmed which will reduce the stress.
8. E-portal will be maintained for guest house booking and the status will be fed to the user through an sms.

9. An E-portal for allotment, availability and waiting list for married scholar hostels will be maintained. This will ensure ease of access and better transparency in the entire process for campus residence.
10. The rates of vegetables available in the Market Complex are extremely higher than the normal rate which will be taken seriously steps will also be taken to reduce the prices.
11. The number of water filters in MSH is quite low as compared to the number of scholars staying which is a genuine issue that needs a complete solution.
12. Proposal will be given to increase the amount of contingency for the Research Scholars.
13. All the activities of the Gymkhana Council will be made transparent and student friendly where students' suggestions will be given importance Because I believe many students do not like to come forward and speak in public but if they are given a pen and paper, they can write exceptionally innovative ideas which can be utilised for the wellbeing of all other students. This can be easily done by simply circulating a google form among the students.
14. All the ongoing Mess refund related issues will be addressed and resolved First.
15. I will work for the convenience of the students only and not for the convenience of the Administrative authorities.
16. Expression of thoughts of the campus students will be given top priority and will not be considered otherwise.
