### Agendas and Declaration Form

Post contesting for: UG Senator

Name: Roshan Dev Prajapati

Nick Name.: --

Tagline (Punch line):

#### **Agendas:**

My sole purpose is individual as well as collective growth of people of our IITG community through expanse of various technical, academic, cultural, sports and personal aspects in order to bring more and more positivity, confidence, enthusiasm and sense of unity and so we make a lot of lives more wonderful than it ever was. I will accomplish my purpose with the help of these agendas:

1. I will make sure everyone gets free subscription of courseera while he/she is in college. It will help students to enhance their technical skills. In addition to that, I will communicate with respected department to issue you all subscription of udemy and MyCaptain to enhance project related skills and entertainment related skills respectively. This will help everyone to boost up their non-academic life.
2. I will work for betterment of our common gym and women's gym as many of the equipments/cables are old and require proper maintenance and replacement. If not done so may attract some serious incident. Also a gym instructor's will be put.
3. I will make a forum which will keep us updating about the excellent opportunities that is out there in the form of off-campus internships and placements. This will open up wide range of opportunities for a student.
4. I will setup a medical camp with the help of our medical board which will conduct common blood tests to make sure you are in a good-health condition. There I will spread awareness about blood donations as we keep receiving blood donation requests. I will also make everyone aware about the counseling facility available in our campus and motivate everyone to use the facility when needed.
5. There are very few restrictions in our campus which, in my opinion should be re-think/withdrawn. First one being the restriction of video games/ movies related sites on LAN. Entertainment is as necessary as spice in foods. Other one being restriction of girls in boys hostel. I will sincerely request the respected department to think on this and give us more freedom.

6. There are several other points I would like to put is availability of sanitary pads near lecture halls and in cores. Awareness about several technical clubs in which people participation is low, several sports which has very few players which are needed during inter hostel sports. I bring the idea of 2 movie nights per month in auditorium of varied genres from Hollywood, bollywood or south Indian cinema. Surveys would be taken for that.

7. And the most important is I will make sure you all are able to reach me and I will keep floating grievances forms so that we communicate better and solve if there is any issue ASAP.

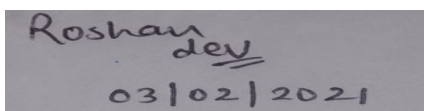

### **Experiences (Credentials if any):**

My name is Roshan dev Prajapati and I am currently student and branch representative of engineering physics 2023 batch and I am associate of consulting and analytics club IIT Guwahati.
